### **OUR GOLF COURSE**

When Jack Nicklaus first visited the land that would become Park Meadows golf course, he saw softly rolling fields, flowing streams and majestic peaks. The golf legend nestled a course into this dramatic scene, gracing his design with wooden bridges, a lacework of waterways, and 105 sand bunkers. Opened in 1983, the course has delighted golfers of all abilities with its stunning scenery and challenging play.

Over the years, Nicklaus' creation has matured into a championship course that has hosted 10 Senior PGA Tour® events. When you play Park Meadows, you drive the same fairways and putt the same greens as golfing greats Arnold Palmer, Lee Trevino, Gary Player, Tom Watson, and, of course, Jack Nicklaus.

In 2008 Park Meadows completed a comprehensive \$7.5 million golf course restoration project. The course retains Nicklaus' original links-style design and layout, with totally refurbished greens and bunkers, expanded practice facilities, state-of-the-art irrigation and drainage systems, and visual enhancements throughout the site. We are delighted with the results!
