

WHAT MAKES PARK MEADOWS DIFFERENT . . .

- Our newly restored Jack Nicklaus Signature championship golf course features mountain views on every hole and is a true test of golf for players of all abilities.
- As a ten-time host of PGA Champions Tour tournaments, you can tee it up where legends like Nicklaus, Palmer, Trevino and Watson have played.
- Our location in the heart of Park City is convenient whether you're racing to make a tee time or just stopping by to hit balls or work out.
- Year-round social activities, along with summer golf events and winter ski groups, offer something for everyone and make our Club the best place in town to make new friends.
- With Golf Memberships approaching 300, it's easy to find golf companions. You don't have to "bring your own game."
- Our award-winning chef's creative cuisine, an extensive wine list, and stunning mountain views, make our Club the best place in town for dining and socializing.
- In summer our members participate in golf events for men, women, couples, juniors and families. Summer social activities include popular "Bistro Night" dinners, "Families on Fridays" barbeques, and numerous outdoor parties, to name a few.
- In the winter we have "Tuesday Bluesday" and "Black Thursday" ski groups, wine tastings, and holiday parties – all ways to help you connect with other Members after the snow flies.
- This is a Members' club. So our Members have the opportunity to serve on club committees and as Directors. They also enjoy the privilege of voting on matters that shape the club's future.
